Experience

UX Designer

Cabana | *campervan rental startup*

November 2019 - Present

As sole designer, led design on many platforms: Redesigned **booking flow** on website, designed native **mobile app**, designed **back office** for Operations team, designed **marketing website**.

Conducted **user interviews** with Cabana customers for both digital and in-van experiences, and did **usability testing** throughout design process.

UX Research Intern

Oho Interactive | *design agency*

February 2019 - May 2019

Conducted **user interviews**, **competitor heuristic evaluations**, **click inventories**, and image analysis. Created **personas** & **customer journey maps**. Worked on projects for Harvard University, Columbia Law School, Roger Williams University, & Hebrew Senior Life

Product Intern

Moven | *fintech startup*

June 2017 - August 2017

Worked with product team to design new credit feature for mobile app and web. Created **personas**, **scenarios**, and **user stories**. Worked with **Google Analytics**. Resolved minor UI bugs using **HTML**, **CSS**, and **JavaScript**.

Researched **Behavioral Finance** and proposed applications to the Moven product.

Volunteer - Tufts Design for Social Good

volunteer group

January 2019 - May 2019

Worked with group to interview local non-profit and ideate, design, and build solutions to the problems we identified.
